SB No. 88

Present law provides that the legislative oversight period for rule making by an agency begins no earlier than 5 days and no later than 30 days following the day the agency submits the report to the appropriate standing committee. Proposed law retains present law.

Proposed law requires that the agency publish on its website public notice that a final report required by the Administrative Procedure Act has been submitted to the appropriate standing committee of the legislature. If the agency does not have a website, requires the agency to send notice to the office of the state register which shall publish the notice on its website.
